EEWB519BPW (With Printer and Wheel Lift)
EEWB519S (With Opti-Line)
EEWB519SP (With Opti-Line and Printer)
EEWB519SW (With Opti-Line and Wheel Lift)
EEWB519SPW (With Opti-Line, Printer & Wheel Lift)

VPI System IV
Premium Wheel Balancer
EEWB516P (Power Clamp - shown above)
EEWB516B (Quick-Nut)

VPI System III
Premium Digital Wheel Balancer
EEWB502P (Power Clamp - shown above)
EEWB502B (Quick-Nut)

Because wheel designs are unique and ever-changing, standardized cone packages lack the flexibility to meet the mounting demands of today's wheels. Putting our customer's needs first, John Bean offers a selection of cone packages capable of servicing a wide range of wheel & tire assemblies.

Note: Pictures may display optional accessories. Cones sold separately on all balancers (except for the John Bean 9800 and EEWB517A). Actual product appearance may vary. All accessories are for use with balancers that have 40mm shafts. Accessories apply to current production units only.

VPI System II
Digital Wheel Balancer
EEWB503B (Quick-Nut)

VPI System I
Wheel Balancer
EEWB504B (Quick-Nut)

9800
Heavy-Duty Wheel Balancer
